The Group were awaiting a meeting with Bobby Viridi before they could move forward. Scott Green was a possible location. It was proposed that the present SID should be moved. Councillor Mulvany considered that Street Lane had been neglected, and this would be a suitable location. The idea of having a contract with Highways to relocate the devices on a more regular basis may be discussed in the future.

The estimated cost was £28,000 per year, with successful fines contributing towards the cost. Councillor Jones stated that this was an update from the beginning of July, but that we had heard nothing since.

83.2 Regarding the issue of dog fouling, Councillor Nixon stated that she had received an enquiry via Facebook as to whether the Parish Council would involve local school children in the poster campaign. 86.0 Flossmore Way Park

86.1 The Clerk advised that there still seemed to be very much an impasse between all concerned. Discussion took place, and Councillor Gettings considered it advisable to find out if Jonathan Graves was aware of the £250 grant available from the Parish Council, towards the pruning of the shrubbery. Councillor Bailey thought that it was best to speak to Jonathan Graves personally, rather than send a letter. **It was agreed that Councillors Bailey and Mulvany discuss the matter with Jonathan.**
